"It's a hit." Harvard player connects for a futile cause as Hart tops the visiting school.

Hart's varsity baseball team has experienced a good season this year. They appeared promising from the very first of the season. Coached by Don Notorangelo, our Hickorymen worked hard for their victories and deserve much credit.

George Conrad, John Sheeler, and Bob Sheeler have earned our gratitude because of the important part they played from the mound in achieving our victories. We should all be very proud of the team.
